

15 March 2022

TAP JAPAN OPEN 2022 has been cancelled

We would like to inform you officially that TAP JAPAN OPEN 2022 has been cancelled (not postponed) .

The reason for the decision to cancel as follows ,

1. Currently , the Japanese government is restricting newly entry of foreign nationals . You cannot enter Japan for purposes other than commercial and working purposes . It has not been decided when the restriction will be lifted .
2. Due to Russia's military attack on Ukraine , air routes are restricted . Especially in the case of traveling from Europe to Japan , it takes a lot of cost and time because it has to be detoured considerably .
3. Even if the situation of 1 and 2 improves after March 20, there is not enough time for foreign players to prepare for travel and we also don't have enough time to prepare for the tournament management .

The next TAPN JAPAN OPEN is scheduled to be held in May 2025 .

The health and safety of you all is of utmost importance . We appreciate your patience and understanding .
